

SUMMER AT STANLEY

Summer at Stanley NEW Financial Aid Policy

Over the past several summers, we have seen the need for financial assistance to attend Summer at Stanley increase.

Allowing Greater Access

As a result of the increased number of requests for what is a finite amount of available funds, we have sought to change our policy for awarding the amount of assistance to families. Our goal is to treat all families more equitably and to allow more families to have access to these funds.

Changes

Going forward, we will designate a single, specific amount of aid for each child who is awarded financial assistance for the upcoming school year.

This aid will be offered in the form of a “credit” that can be applied towards Summer at Stanley tuition and before or after hours care. Aid cannot be applied to the \$50 non-refundable deposit per camp or materials fees.

This may be a change in the total amount of assistance from previous summers. For some families this may be more---for some families this may be less. Our hope is to ensure that we are better able to make summer camp more assessable to all families receiving financial aid.

Deadline for Requests

In order to receive any financial aid, you must check the “Financial Aid” box on your campus forms, which are filled out during Registration. **All Financial Aid requests MUST be turned in by April 1, 2015.**
